

# Site Safety Program

## Partnering for a Safe Jobsite

### Industry Recognition

Our dedication and commitment to safety has been continuously recognized by organizations and our customers throughout the industry who take safety as seriously as we do.

- CITGO Petroleum Corporation
- Marathon Oil Corporation
- National Petrochemical & Refiners Association (NPRA)
- Nova Scotia Construction Safety Association (NSCSA)
- Suncor Energy
- Sunoco, Inc.
- Valero Energy Corporation
- Wisconsin Department of Workforce Development (DWD)
- Wisconsin Safety Council (WSC)
- Wyoming State Mine Inspectors

### When we say **safety comes first**, we mean it.

Safway Services has been a leader in providing safe and reliable scaffolding and access solutions since 1936.

The longevity of our business means we have a wide range of experience on industrial jobsites, from power plants and refineries to offshore platforms and maintenance projects.

Our company prides itself on being active in safety promotion and accident prevention by giving all employees a voice to ensure no one is working in an unsafe environment.

#### **Your Personal Resource for Jobsite Safety**

In many situations, a Site Safety Representative can be dedicated to your jobsite.

As an expert in safety, health and environmental policies, your representative can assist field management with onsite safety programs and ensure compliance with site safety and governmental regulations such as OSHA, Cal/OSHA, and OH&S.

With nearly all of their time devoted to site safety, our Site Safety Representatives are fully educated in and responsible for:

- Accident prevention and hazard recognition
- Employee observation
- Customer interaction
- Safety training and the facilitation of safety meetings
- Medical interface and emergency procedures

#### **Specialized Training for a Safe Workplace**

To keep up with the rigorous demands of the industrial sector, our safety training programs are designed to be in compliance with current governmental policies.

Our Site Safety Representatives receive specialized training and support from our Corporate safety staff. Site safety training encompasses various areas from job position and task training, to customer support, protocols, and jobsite paperwork.

Safway is the only scaffold company with its own Scaffold Training University. Our training courses can help your employees gain the knowledge and understanding to assist your company in evaluating which workers you deem a Competent Person for scaffolding work.

Taught by experienced personnel, we offer a wide variety of reputable training products and services to fulfill the needs of your project and crew:

- High-level Erector training classes
- Group courses/seminars featuring in-class instruction and hands-on training
- Scaffold Training CD for individual training
- Training Videos on DVD and Video CD

We have trained more than 50,000 valued customers, OSHA employees, and Safway employees.

**SAFWAY®**

## **A Dedication to Safety**

We believe in the value of the following basic safety principles for our customers and employees:

- Believe that all accidents are preventable
- Educate everyone to work safely and effectively
- Empower everyone to anticipate hazards and maintain safe work methods on the jobsites
